

## Easy Mount Carrier Bearing

**To: All STEMCO GAFF Distributors**

STEMCO is pleased to announce the launch of the new Easy Mount Carrier Bearing Assembly. The new 40197 Easy Mount Carrier Bearing Assembly permits ease of bearing adjustment for applications up to 10 degrees of drive-line angle variation, facilitating easy driveline alignment.

This new offering expands the STEMCO Carrier Bearing options for heavy duty commercial vehicles. This all new carrier bearing includes a STEMCO GAFF high-performance polyurethane bearing isolator, designed to withstand harsh road environments and deliver industry-leading vibration isolation.

As with all STEMCO Carrier Bearing Assemblies, this assembly also includes a pre-lubricated, sealed heavy duty bearing for long service life. The swivel isolator and bracket design include tool alignment ports, for ease of install. These combined features provide decreased component wear, less downtime, and improved safety.

STEMCO PART NO.	DESCRIPTION	COMPATIBLE WITH	OEM NUMBER
40197	Easy Mount Carrier Bearing Assembly	Spicer	5003323
		Meritor	CB2106611XSA
		Neapco	N210661-1XSA
		DT Components	HB210661-1XSA

Thank you for your continued support of STEMCO.
