

STEMCO Semi-Fluid Grease Fill Template

To: All Distributors of STEMCO Products

STEMCO is pleased to announce the release of a semi fluid grease fill template for Tapered and Parallel wheel ends. Key benefits for your customers are:

- Reusable tool for filling trailer wheel ends with semi fluid grease
- Double ended tool for use on Tapered or Parallel spindle wheel ends
- Tool acts as a grease dam during grease fill & outer bearing installation
- Tool can be bolted on using hub cap bolt holes for hands free use

STEMCO PART NUMBER	DESCRIPTION	MIN / MULTIPLE
102-5015	Semi Fluid Grease Wheel End Fill Template	1

Thank you for your continued support of STEMCO.
